Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the “Bridging the Digital Divide for Older Adults and People with Disabilities” in fiscal year 2023. The entity to receive funding for this project is Fairfax County Government, located at 12000 Government Center Parkway, Fairfax, VA 22035. This program will enable Fairfax County to bridge the digital divide for older adults and people with disabilities by providing equitable access to an increased range of technological devices to more underserved communities in Fairfax County, addressing gaps in accessibility, affordability, and technical ability. Enhancing community engagement via virtual platforms and remote sessions will increase participation rates of unrepresented groups like older adults and people with disabilities. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Donald S. Beyer Jr.
