April 29, 2022

The Honorable Rosa DeLauro  
Chair  
House Appropriations Committee  
United States House of Representatives  
Washington, DC 20515

The Honorable Kay Granger  
Ranking Member  
House Appropriations Committee  
United States House of Representatives  
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$600,000 in federal funding for “Green Vehicle Fleet Upgrade and Replacement” in fiscal year 2023. The entity to receive funding for this project is the City of Falls Church, located at 300 Park Ave., Falls Church, VA 22046. The funding would facilitate new vehicle purchases of electric and hybrid vehicles and chargers to modernize, upgrade, and continue the City of Falls Church’s transition to a greener fleet. Specifically, the City would upgrade its Public Works fleet with electric and hybrid vehicles and install chargers at the Robert L. Goff Property Yard located at 7100 Gordon Rd. Additional fleet vehicles are a net energy savings due to eliminating fossil fuel vehicles and utilizing smaller more efficient vehicles where appropriate to position function. This will result in reduced energy costs as well as greenhouse gas emission since transportation is largest contributor in Northern Virginia therefore outcomes benefit the residents and businesses within the City of Falls Church and 8th Congressional District. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

---

Donald S. Beyer Jr.  
MEMBER OF CONGRESS
